

AVIONICS WARRANTY PROGRAMS

Honeywell

Collins Aerospace

Investment protection.
Minimum downtime.
Priority support.

Take the uncertainty out of avionics repair. Honeywell and Collins Aerospace avionics warranty programs eliminate costly repairs, protect your investment, minimize downtime and reduce lifecycle costs. You also get priority support from Clay Lacy Aviation, the world's most experienced operator of private jets.

A smart investment.

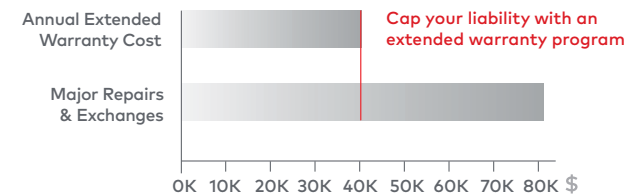

- Fixed annual cost eliminates surprise expenses
- Rates based on forecasted operating hours
- Provides peace of mind and increases resale value

Rely on Clay Lacy.

- Guaranteed lowest contract prices
- Expertise of authorized dealership
- Over four decades of aviation experience
- Credit toward removal and replacement
- 24/7 AOG maintenance support
- Superior safety, service and value

"Some recent failures would have cost in excess of \$100,000, but the warranty covered 100 percent."

— Captain, Boeing BBJ

AVIONICS WARRANTY PROGRAMS

Honeywell

Maintenance Service Plan (MSP) - Avionics

With a variety of coverage options, you can choose the extended warranty program that best meets your needs. A contract can be limited to 36 months, or extended over several years. Specially priced plans are available for fleet operators.

- Full coverage on exchange and repair services
- Fixed price with an annual contract
- No-charge loaners
- 24/7 AOG emergency service
- Fully transferable warranty contracts
- Paid airfreight
- Factory-backed support
- Multiple renewal options
- Global network of authorized sales and service centers

Collins Aerospace

Corporate Aircraft Service Program (CASP)

Enables corporate aircraft operators to maximize dispatch reliability, reduce life cycle costs and minimize downtime. The plan completely covers avionics and cabin entertainment systems. Enrollment is simple, coverage is immediate, and there are no pre-inspection or buy-in fees.

- Rental/exchange
- Removal and refit coverage
- Comprehensive reliability upgrades
- Component repairs and no faults found
- RVSM recertification
- Up to five no fault founds without penalty
- Full program portability with aircraft sale
- Early enrollment discount
- Consolidated annual billing
- Improved aircraft resale value
- 24-hour service
- AOG priority parts support

For more information.

Simply provide a list of your avionics equipment and forecasted operating hours. We'll provide a quote with term and coverage options to fit any budget.
